

Geton Startup Ecosystem **Referral link protocol**

Geton is a community-based ecosystem. Each user is also a promotor when sharing own user experience. When presenting and sharing the idea, is important to be responsible otherwise this harms the whole community and itself. Important information is presented through official zoom meetings, official social media channels and by Geton Startup Ecosystem Influencers which are solely responsible for their presentations. The main tool for our community expanding is yet invitation through referral link – which each registered user can use and contribute to community growth.

The "invitation" (referral link) is a starting point for new member's education to use platforms correctly and responsible to all community, therefore it is mandatory to follow and respect norms and principles, explained in this protocol.

Geton Startup Ecosystem invitation (referral link) protocol:

- To member who invite (sent own referral link) to recipient (and he or she later, through received referral link successfully create Geton wallet address), belongs structure selling commissions depending on level (3%, 2%, 1%, 1%, 1%, 1%, 1%, 1%, 1%) according to community structure referral plan and referral commissions from users to which is mentor (sponsor) (12%).
- The invitation (referral link) recipient who successfully create Geton wallet address (starting with Gx....) which is a digital identity, shown on public ledger, is obligated to agree with this protocol provisions, clearly understand and accept all responsibility for correct presentation, education and use of Geton Startup Ecosystem.
- Correct explanation and presentation of idea, principles, terms of use of Geton Startup Ecosystem is crucial for new member because they must freely choose whether to create a Geton wallet address or not.
- Users who are sharing the invitation (referral link) on a public way takes all responsibility to correctly explain and present idea, principles, Geton Startup Ecosystem Terms of use and to solely provide appropriate referral support if needed.
- Geton Startup Ecosystem encourage members to share their user experience and how they see it but at the same time to explain **solely their view** and not Geton Startup Ecosystem official release.

This protocol is valid from May 1st, 2021.
